

SPECIALIZATION IN IMPORT – EXPORT EXHIBITION SHIPMENT

NCS handled both import and re-export of Aston Martin car - The shipment was imported on behalf of Gulf oil for a show cum exhibition in Mumbai. It was a super car which had come in for the first time to India. The car show which was held in Mumbai was extra ordinary and we were proud to have handled it. The extra ordinary feature of changing the wheels in 10 seconds was amazing.

The car was imported from PARIS to MUMBAI & back from MUMBAI to STANSTEAD airport
